SKYMASTER					
	SKYMASTER 15x70	15x magnification porro prism binocular. Large 70 mm objective lens offers maximum image brightness in low-light and long-range conditions. Suitable for terrestrial or astronomical viewing. Four-element objective lens for ultra sharp focus across the field of view. Long eye relief ideal for eyeglass wearers. Protective rubber covering for ultra-firm grip Large center focus knob for easy focusing.	0050234710091	91,66	109,99
	art.: 71009				
	SKYMASTER 20-100x70	20x do 100x magnification porro prism binocular. Large 70 mm objective lens offers maximum image brightness in low-light and long-range conditions. Suitable for terrestrial or astronomical viewing. High quality BAK-4 prisms, Multi-coated optics, Large aperture perfect for low light conditions and stargazing. Long eye relief ideal for eyeglass wearers	0050234710129	124,99	149,99
	art.: 71012				
	SKYMASTER 25-125x80	25x do 125x magnification porro prism binocular. Large 80 mm objective lens offers maximum image brightness in low-light and long-range conditions. Suitable for terrestrial or astronomical viewing. High quality BAK-4 prisms, Multi-coated optics, Large aperture perfect for low light conditions and stargazing. Long eye relief ideal for eyeglass wearers	0050234710206	208,33	249,99
